requested a monthly meeting with the Clerk and Facilities Manager to discuss continual
routine maintenance. However, the maintenance form could still be used for large-scale
projects which have to be budgeted for.
After a proposal from Cllr Neville, seconded by Cllr Duffy,
It was HC/08/1920 RESOLVED that an informal meeting is held on the first Tuesday of
the month with the Town Clerk, Facilities Manager and Trustees in order to discuss

13. CCTV and Alarm in 12 St Mary’s Street – Whitchurch Museum
Dr Hoyle reported that the Heritage Centre does not own the CCTV system and would
first need to register with the ICO as an organisation. The Museum & Archives wish to
take over the CCTV system as well as the service contract. This would not include the red
‘panic’ button.

The Trustees made the following proposals to committee:

1. Whitchurch Museum & Archives take over the responsibility for the CCTV and alarms
installed in 12 St Mary’s Street (Whitchurch Museum) from Whitchurch Town Council.
This will include all costs associated with repair, replacement and maintenance.

2. Whitchurch Museum & Archives register with the Information Commissioner’s office
(ICO) as a data controller under GDPR regulations, which will cover the CCTV
installation and all records held by WM&A.

After a proposal from Cllr Neville, seconded by Cllr Martin,
It was HC/09/1920 RESOLVED that proposal 1 (as above) be accepted.

After a proposal from Cllr Neville, seconded by Cllr Martin,

It was noted that Town Council Facilities Staff would need to remain on the contact list for
emergency call outs and out of hours care.

14. Access to the Museum
The access procedure was reiterated:
Facilities staff and tradespeople must sign in at the front desk upon arrival. A member of
the trustees will then be called to accompany visitors around the building. All maintenance
must now be pre-agreed, and Dr Hoyle will attend. The building can be closed to the
public, if necessary, to allow for maintenance.
