10. Community Led Planning
Council received a presentation regarding Neighbourhood & Community Led Planning from Senior Community Enablement Officer, Nicola Fisher. The presentation described the process for a Housing Needs Assessment, the development of a Neighbourhood Plan or Community Led Plan/Neighbourhood Plan Light, which are the same document, stating Community Led Plans are:

• About the future redevelopment, regeneration and conservation of an area
• A supplementary planning document

Neighbourhood Plans have a public referendum and, having gone through Planning Inspection, become a statutory planning document, but these documents cannot go against national planning guidance.

Q. Heard that if Town/Parish Council develops a Neighbourhood Plan that they are the authority that would need to contest applications in court?
A. Shropshire Council Planning Policy & Development Control always contest applications when developers challenge the plan. The Town/Parish Council would need to be present at the hearing to defend their Neighbourhood Plan.

Q. So should Whitchurch Town Council do a Community Led Plan or Neighbourhood Plan?
A. Are Whitchurch Town Council in agreement with Shropshire Council’s planned development numbers. Completing a Housing Needs Assessment can help influence developers on the style and type of housing built. A Neighbourhood Plan looks at land use, it can ensure green corridors are included. Funding, up to £9,000, is available for a full Neighbourhood Plan from Locality, but the Council would need to employ the services of a specialist planner. The total cost of a Neighbourhood Plan is in the region of £35,000-£40,000, but Town & Parish Councils can use the Neighbourhood Fund element of CIL to pay for a Neighbourhood Plan.

Q. What are the timescales?
A. The development of a Neighbourhood Plan is a long process, which has to go through statutory stages. Shropshire Council designate the Neighbourhood Plan area, which would probably be the parish boundary in Whitchurch. Whitchurch Town Council would be the lead partner. Neighbourhood Plans usually take 2 years to complete and are a lot of work.

Nicola Fishers was thanked for the presentation.
