6. **Public Participation**
   After a proposal from Cllr Duffy, seconded by Cllr McAuley it was **WTC/103/1718**
   **RESOLVED** to suspend Standing Orders for public participation.

7. **Presentation from CCG**
   Mrs Wilde was unable to attend and sent the following message:
   “Thank you for your invitation to present at the Council meeting later this week – we are at a
   stage with the primary care developments for Whitchurch where we are still finalising details
   with the practices and therefore whilst there are a number of discussions taking place, there
   is little for us to officially update the Council on at present. We would prefer to update at
   your next meeting, when we anticipate that significant progress will have been made.”

8. **Report from West Mercia Police**
   CSO Hirons provided a report:
   Over the last month, there have been 281 incidents in Whitchurch that have required some
   measure of Police action, 86 were recorded as crimes.

   Police have arrested a male who it is alleged is responsible for a number of commercial thefts
   and burglaries in the town. His arrest was made possible by invaluable witness statements and
   CCTV footage.

   Several warrants have been executed in relation to drugs offences that have occurred in the
   Whitchurch area supported by various Policing teams. These warrants required substantial
   support again from the community who have provided valuable intelligence, but also information
   and intelligence that has been gathered by local police in the course of their duties. Gathering
   sufficient intelligence and evidence to achieve authorisation for warrants takes time which can at
   times be frustrating for the community - please be assured that any information about criminality is
   an invaluable part of us proving a warrant is justified.

   There have been a small number of shed break-ins in Whitchurch, and the local policing team
   have responded in two ways; patrols in residential areas during evening hours and arranging local
   events offering security advice. This includes the regular PACT surgeries that are held in the Civic
   centre as well as property marking events such as at Countrywide on Saturday 16th December
   and an upcoming event on 13th January where bicycle marking equipment will be available.

   Anti-Social Behaviour is an on-going concern of a cyclical nature which is being addressed as part
   of the increased evening patrols but also building positive relationships between Police and young
   people in the town. I believe you are already aware of talks that have been delivered to children
   and Young People at SJT’s, but this is also being done at all the Primary schools in the area so
   that the messaging builds from an early age.

   We continue to monitor speed and road safety across Whitchurch; this includes vehicles being
   driven on pavements on Wrexham Road, mobile phone use, seat belts, cycle safety (which has
   involved delivering road safety inputs at the local primary schools) and speed checks on most of
   the main roads into Whitchurch. The speeds being recorded have not as yet indicated a cause for
   concern however the speed checks will continue.

   Finally, I would like to offer some advice about fraud to local residents:
   If anyone unexpectedly calls you asking for personal information, payment details or claim you
   owe them or an organisation money - hang up the phone. If you are concerned about owing
   money, go to your bank or the Post Office in person and ask for help. When you hang up the

Signed ................................. 2
phone, they may keep the line open so only call someone whose voice you would recognise to make sure the phone is clear. Above all else - don’t deal with it on your own, ask someone for help - your bank, the Post Office, a neighbour/friend you trust, family or the Police.
