7. Public Participation
After a proposal from Cllr O’Neill, seconded by Cllr Martin it was **WTC/31/1718 RESOLVED** to suspend standing orders.

8. Presentation from Aldi
Mr George Brown, Property Director Aldi gave a presentation to Whitchurch Town Council stating that the new shop would cost in the region of £5m and create 40 new jobs.
   a. The Planning Application submitted had gone through a viability and deliverability sequential test.
   b. Mr Brown explained that the Prees Road/Heath Road site was not viable.
   c. Aldi were mindful of the shop’s proximity to the canal and had added wood cladding to the rear of the shop and planted trees, which would screen the shop within 10 years.
   d. Aldi are working closely with the Highways Authority.
   e. Aldi have worked with the Town Council in Newport when they built a store on the outskirts of the town. Aldi provided money and the Town Council assisted on where the money should be spent, ie, fingerposts, Town Council grant scheme, sponsorship of town events, shopper bus and contribution towards the pay of a Town Centre Manager. Whitchurch Town Council could do the same.
   f. Aldi believes that by providing a shopper bus to the supermarket they have kept spend in the town.
   g. George Brown stated that the amount of new housing in Whitchurch would put pressure on existing services and Aldi gives the customer a greater choice and more value.
   h. Town Councillors asked questions:
      i. JS – is the chosen site sequentially the best site in town. In 2009 the Planning Inspector says that there are other sites sequentially better, including the site Aldi owned next door to Homebase.
         GB reply – Aldi have looked at other sites in Station Road area.
      ii. BD – Aldi are providing a shopper bus, but for how many years?
          GB reply – Aldi will continue with the shopper bus if it works and brings customers to the door, if customers continue to use the bus Aldi will continue to fund it. Aldi will provide Whitchurch Town Council with the planned route for the bus, the bus is free for shoppers but there will be no commitment to purchase.
      iii. BD – At the front of the store there is green space, why are no trees planned to be planted?
           GB reply – There is a significant gain in planting more trees, if part of the feedback is that more trees are requested, then Aldi will look at the balance between commercial viability and natural habitat. If Aldi are successful with the planning application we want to add to the town, giving grants, Aldi want to be connected to the town.
      iv. AH – The strength of market towns is that there are no retail outlets on the outskirts, Aldi on the planned site is not good for the town.
           GB – Aldi will support the town centre.
      v. CS – Canal users will want to stop and shop at Aldi – if boaters go onto the next stop boaters will have to cross the main road. Can you put in moorings?
           GB – This had been a suggestion from the Canal & River Trust too, but feedback from local businesses was that if you put moorings at the back of the store this will stop people from walking into town.
vi. AC - The planning application states enhancements to Wrexham Road site entrance to the store, and from the pictures no enhancements are visible. There should be a filter lane coming off the roundabout.

GB – A full safety audit has taken place, the 30mph limit will be ground out to the roundabout.

vii. LB – Have all sites elsewhere in the town been exhausted?

GB – Aldi have done the exercise and believe they have addressed every question with regard to other sites in the town.

viii. JM – When landscaping the front of the store, could Aldi consider trees with different colours – gold/red – to provide a colourful display.

GB – Aldi will reissue to Whitchurch Town Council plans for landscaping using a variety of trees.

9. Presentation from Whitchurch Town Team
Sue McKeon and Peter Allen from Whitchurch Town Team gave a presentation on the Community Led Plan refresh, stating the key areas are:

- Residential land
- Employment land
- Green spaces and corridors
- Improved resources

Key areas for further work are:
- Utility infrastructure
- Planning – do not restrict to within the by-pass
- Housing – lack of small start-up homes
- Green space retention and protection of wildlife corridors
- Employment land
- Leisure provision – retention of existing facilities
- Medical provision – working with the current team to improve provision
- School provision – more senior provision needed, ie ‘A’ Levels
- Railway – exploit the railway connections
- Town centre – working with empty shop landlords
- General:
  - Broadband speed
  - Appearance of roundabouts – public art

The plan is a visit of how the community will look in the future and Whitchurch Town Team wish to work with Whitchurch Town Council and others to develop the future of the town.

CS – Tourism – Whitchurch Town Team and Whitchurch Town Council look together at tourist developments, especially the shortage of visitor bed spaces.

10. Shropshire Councillor’s Report
Cllr Dakin reported>
- that he had spoken to Shropshire Council Leader Peter Nutting regarding the Tilstock Road development scheme. PN would like to meet with Whitchurch Town Council and the Head of Economic Development and Town Team members on one afternoon.
- Shropshire Council will publish the Parking Strategy consultation on 21st July for 10 weeks, all Councillors are encouraged to complete the consultation.

Q. Will the money gained by higher parking charges come back into the town?
A. No, but it may help to keep the swimming pool open.
